## ACCOMMODATION

Once again, despite the increase in global prices, it has been possible to maintain the same prices as last year. Thanks to the usual participating hotels, which have collaborated with significant discounts for the participants.

Thanks to this, we managed to keep the overall cost of the tournament as low as possible, while maintaining a high quality of accommodation.

**To get these prices, the GT organization has to take care of the management of the indicated hotels, so all reservations will have to be made through the reservation form on the website, the indicated hotels will not accept reservations.**

These prices will be valid for the Friday, Saturday and Sunday nights of the event, if someone wants longer stays, let us know and we will try to manage it.

### **Hotel la Planada 3\***

Nice 3-star hotel. Located in Ordino, 500 meters from the event venue, rooms with breakfast included, private bathroom, TV, wifi.

We have 26 double, 8 triple and 2 quadruple rooms.

### **Hotel MU & SPA 4\***

**Registration Tournament + Hotel Mu & Spa**, tournament registration, two nights in a hotel, lunch Saturday and Sunday, dinner on Saturday: **169€ in a shared room**

These packs can NOT be purchased at the time of registration, the hotel offer will go on sale right after confirming the registration.

In addition, you have a large number of hotels in Ordino/Andorra, which will give you a great accommodation service.

# OLYMPICS

In addition to the Individual tournament, we want you to enjoy the Andorra GT, with the support and complicity of your friends, team or gaming club.

To this end, we consolidate "the Olympics", where everyone can support to prove to the entire community that your group is the best.

The groups will be made up of a minimum of 3 people, if you do not reach this minimum try to join other participants who do not reach the minimum either, although it is designed for groups of 5 people. And they will be independent of the usual club or game group that you indicate in BCP.

To measure your abilities, we have designated 5 scoring categories:

**Group Game:** Individual Standings, Victory Points, Number of Wins.

**Painting Group:** Army Painting Classification and Best Miniature

Each player will only be able to contribute **a** single score to the team, the highest they have achieved in any of the categories, compared to the rest of their team. So the more players that make up the team, the more chances you will have to get good scores. In the event that the team is made up of less than 5 people, the same player may score in **two** different categories, but never within the same group. That is, you will be able to score Wins and Paint, but not Wins and Victory Points

Additionally, the team of which the "best outfit" player of the tournament is a member and the team that is designated as the "best outfit" team of the tournament will earn 5 additional points for each of these awards.

I mean, plan a good strategy to win the coveted "Olympic Champion" award that will give you the honor of being the best group, and maybe some surprise prize...

If you want to improve this ranking, you will have to sign up using the web form. On the morning of the first day of the tournament, your armies and miniatures will be evaluated, maintaining the Gamer category or being promoted to Colorful or Elite. And we will select the 6 best armies and miniatures. Which will go to a popular vote at the end of the 2nd round. The final result will be revealed at the awards ceremony.

## GOOD-ROLLER-- OUTFIT

**Buen Rollero** – We want to promote a high-level competitive environment based on respect, fair play and sportsmanship. For this reason, we present the GT Andorra 26 Sportsmanship Award, aimed at recognising the BEST player of the tournament, the one who has shown an exemplary attitude throughout the tournament.

The evaluation will be carried out after each round, on a mandatory basis. Each player must evaluate their opponent, selecting one of the three options

- **Good-natured** (Clearly exemplary attitude, fluid play, respect, laughter, fun)
- **Normal** (normal game, default option in most cases)
- **Improvable** (Bad game, inappropriate behavior, spirit against the tournament)

(you will have a QR at each table, which will allow you to quickly access the Form).

From these votes, we will draw a ranking to choose the BEST player of the tournament. We strongly ask you to vote every round. Creating a great "Pentalogia".

**Outfit** - Both the clothing and the uniform, as well as possible characterizations of each team will be evaluated, selecting the 3 best for a popular vote.

Anyone who comes dressed will have a small additional gift.

## PAINTING AND RENDERING

All miniatures must be painted. They will be considered painted if **it gives a feeling of finish to the whole army, individually and together and decorated base**

**Bases:** the miniatures must go on a base with the regulatory size (GW page), if you have any questions, contact the organization. Transparent bases do not need to be decorated.

**Representation:** Unequivocal, this means that the team on the list does not have to coincide 100% with the one represented, but it can never be misleading.

**Alternate conversions and markups:** Allowed as long as they are equal in size to the original thumbnail and appear to be a similar threat level to the depicted thumbnail.

In any case, it will have to be approved by the organization. If it is not accepted, the miniature will be WITHDRAWN. Maximum approval May 15 in [dudas@gtandorra.com](mailto:dudas@gtandorra.com)

**Prints:** Only alternative original figures. Unlicensed printing is NOT permitted .

## PAINTING CONTEST

All armies submitted to the painting contest will be evaluated through the web form. The classification will be: **Playful: 30 Points, Eye-catching: 50 Points, Elite: 70 Points**

Within the elite, the 6 best will be chosen to be exhibited to the public and in a joint vote with the jury they will compose the final classification. From 6th to 1st, awarding 2 points above 70 for each position obtained. (6th 72pts, 1st 82pts)

The evaluation criteria will be:

- Technical Quality (Cleaning, Transitions, Advanced Techniques, Detailing)
- Cohesion and Uniformity
- Conversions and personalization (clean conversions, consistency with background)
- Visual Impact
- Global Finish Level (quality differences between miniatures)

## ROUNDS AND HOUSE RULES

Random first-round crossovers will be announced at the start of the tournament.

Afterwards, the pairings will be Swiss based on:

- I. Victories
- II. Order of Victories

The classification will be Swiss based on:

- I. Victories
- II. Opponent Wins % (the average number of wins of opponents you have played)
- III. Victory Points (one's own victory points)
- IV. SOS Victory Points (the average victory points of the opponents you have played)

**Granting of the game:** In case of awarding before the end of the game, the theoretical score will be calculated, leaving the awarder as it is, and the winner's score assuming that he plays until the end, maximizing the points that are really possible.

**Match Time:** These timestamps will be tracked during the tournament. After the signal to match matches (3:10h), NO more ROUNDS will start and turns must be equalized. Before the end of round signal, scores will be uploaded in BCP, NOT being able to do "Teorihammer" at that time. To do so, it must be before the end of the time and maximum of one round.
